Grants

(01) Application for the BA/CSSP Research Grants 2014

Research Grants 2014 is now available online for young Egyptian post-doctoral researchers seeking funds in one of the following areas of study:

- Agricultural Sciences
- Biology and Biotechnology
- Chemistry and Biochemistry
- Earth Sciences
- Engineering Sciences and Technology
- Information Technology and Bioinformatics
- Mathematics
- Medical Sciences
- Pre-University Education
- Physics and Biophysics

Eligibility and Deadlines

- Egyptian scholars who have earned their PhD within the past five years (**following December 2008**).
- Applicants must hold a current position at a public/private academic or research institution in Egypt, and the research must be conducted in Egypt.
- Currently engaged or can arrange to work on a joint research project with foreign counterpart(s) at a university or research center abroad.
- Applicants must not exceed **35 years** of age by **January 2014**.

Deadline: 31 July 2014.

Scholarships

(01) KOICA Scholarship Program (SP) for International Students in Korea, 2014

Korea International Cooperation Agency (KOICA) is offering scholarship program for students from developing countries to undertake full-time postgraduate study at participating Korean universities. KOICA provides a wide range of benefits to the grantees (attendees) covering living expenses while in Korea for the minimum period required to complete the program. To apply for these scholarships, the applicant should submit the application package to the KOICA office or the Embassy of Korea in his/her country after being nominated by his/her government.

Deadline: The closing date of application is subject to change depending on each university's schedule.

For more information: <http://training.koica.go.kr/>

(02) PhD Scholarships at the Department of Chemistry, University of Copenhagen in Denmark, 2014

The Department of Chemistry, Faculty of Science at University of Copenhagen is offering one or more fully funded PhD scholarships to commence from 1st of July 2014. The scholarships are open to Danish and international applicants. Duration of the program is 3 or 4 years. To be eligible for this scholarship applicants must have obtained an MSc degree in Chemistry (or Diploma or equivalent).

Deadline: June 15, 2014.

For more information: <http://www.offentlige-stillinger.dk/sites/cfml/kbhuni/kbhuniVis.cfm?plugin=1&englishJobs=Yes&nJobNo=216784&nLangNo=2>

(03) State Scholarships Foundation for International Students in Greece, 2014-2015

Applications are invited for State Scholarships Foundation available for foreign citizens to undertake PhD and postdoctoral research studies commencing in the academic year 2014-2015. There are up to twenty (20) scholarships available. Scholarships are open to all nationals (non-Greek Nationals and non-Greek Nationals of Greek origin) of Balkan and Eastern European countries (Member and non-Member States of the European Union), Asia, Africa and Latin America, Iceland, Norway, Switzerland, USA, Canada, Japan and Oceania. The duration of the total scholarship is for a continuous period of time

Deadline: June 16, 2014.

For more information <http://www.iky.gr/en/press/item/1559-call-for-doctoral-postdoctoral-research-in-greece-2014-gr-eng>

(04) International Postgraduate Scholarships at Queen's University Belfast in UK, 2014

Queen's University Belfast is awarding two full fees postgraduate scholarships for talented international students who will be starting their Masters degree program at Queen's in September 2014. Scholarships cover tuition fees for the duration of their full-time postgraduate taught course at Queen's. To be eligible for this scholarship applicant must have accepted an offer of a study place online starting in September 2014. The University will award the scholarships on the basis of academic merit and personal statement

Deadline: 27th June 2014.

Fellowships

A-TWAS Postdoctoral Fellowship

(01) TWAS-CSIR Postdoctoral Fellowship Program

For young scientists from developing countries (other than India) who wish to pursue postdoctoral research in emerging areas in science and technology for which facilities are available in laboratories and institutes of the Council of Scientific and Industrial Research (CSIR) of India.

Deadline: 31st August of each year.

For more information <http://twas.org/opportunity/twas-csir-postdoctoral-fellowship-program>

(02) TWAS-DBT Postdoctoral Fellowship Program

The Department of Biotechnology (DBT) of the Ministry of Science and Technology, India, and TWAS have established a fellowship programme for foreign scholars from developing countries who wish to pursue postdoctoral research in biotechnology.

Deadline: 31st August of each year.

For more information <http://twas.org/opportunity/twas-dbt-postdoctoral-fellowship-programme>

(03) TWAS-icipe Postdoctoral Fellowship Program

The International Centre of Insect Physiology and Ecology (icipe), in Nairobi, Kenya, and TWAS offer one fellowship each year to young scientists from developing countries (other than Kenya) who wish to undertake their postdoctoral studies in Kenya.

Deadline: 15 September of each year.

For more information <http://twas.org/opportunity/twas-icipe-postdoctoral-fellowship-programme>

(04) TWAS-UPM Postdoctoral Fellowship Program

For young scientists from developing countries (other than Malaysia) who wish to pursue advanced research in the natural sciences at the Universiti Putra Malaysia (UPM) in Selangor, Malaysia.

Deadline: 15 September of each year.

For more information <http://twas.org/opportunity/twas-upm-postdoctoral-fellowship-programme>

(05) TWAS-USM Postdoctoral Fellowship Program

For young scientists from developing countries (other than Malaysia) who wish to pursue advanced research in the natural sciences at the Universiti Sains Malaysia (USM) in Penang, Malaysia.

Deadline: 15 September of each year.

For more information <http://twas.org/opportunity/twas-usm-postdoctoral-fellowship-programme>

(06) TWAS-IACS Postdoctoral Fellowship Program

For young scientists from developing countries (other than India) who wish to pursue postdoctoral research in certain fields of natural sciences at the Indian Association for the Cultivation of Science (IACS) in Kolkata, India. Fields include: biological chemistry, condensed matter physics, inorganic chemistry, materials science, non-conventional energy, organic chemistry, physical chemistry, polymer science, spectroscopy and theoretical physics.

Deadline: 31st August of each year.

For more information <http://twas.org/opportunity/twas-iacs-postdoctoral-fellowship-programme>

(07) TWAS-IROST Postdoctoral Fellowship Program

For young scientists from developing countries (other than Iran) who wish to pursue postdoctoral research in natural sciences at the Iranian Research Organization for Science and Technology (IROST) in Iran

Deadline: 15 September of each year.

For more information <http://twas.org/opportunity/twas-irost-postdoctoral-fellowship-programme>

(08) TWAS- CONACYT Postdoctoral Fellowship Program

The National Council for Science and Technology (CONACyT), Mexico City, Mexico, and TWAS offer fellowships for scientists from developing countries (other than Mexico) who wish to pursue postdoctoral research in the natural sciences.

Deadline: 15 September of each year.

For more information <http://twas.org/opportunity/twas-conacyt-postdoctoral-fellowship-programme>

B-TWAS PhD Fellowship

(01) TWAS-ICCBS Postgraduate Fellowship Program

The International Centre for Chemical and Biological Sciences (ICCBS) — comprising the H.E.J. Research Institute of Chemistry and the Dr. Panjwani Centre for Molecular and Drug Research in Karachi, Pakistan — and TWAS offer fellowships to young scientists from developing countries (other than Pakistan) who wish to pursue research towards a PhD in chemical and biological sciences.

Deadline: 31st August of each year.

For more information <http://twas.org/opportunity/twas-iccbs-postgraduate-fellowship-programme>

(02) 2014 TWAS-CSIR Fellowship Program for Developing Countries' Scholars, India

Council of Scientific and Industrial Research is offering fellowship programme for developing countries' scholars. CSIR will provide a monthly stipend to cover for living costs, food and health insurance. The monthly stipend will not be convertible into foreign currency. In addition, fellowship awardees are entitled to subsidized accommodation. TWAS-CSIR postdoctoral fellowships are tenable in CSIR research laboratories and institutes in India for a minimum period of six months to a maximum period of twelve months. TWAS-CSIR Postgraduate Fellowships are tenable in CSIR research laboratories and institutes in India for a maximum period of four years.

Deadline: The application deadline is 31st August of each year.

For more information: <http://twas.org/opportunity/twas-csir-postgraduate-fellowship-programme>

(03) TWAS-icipe Postgraduate Fellowship Programme

The International Centre of Insect Physiology and Ecology (icipe) in Nairobi, Kenya, and TWAS offer three fellowships per year to young scientists from developing countries (other than Kenya) who wish to undertake their PhD studies in Kenya.

Deadline: 15 September of each year.

For more information: <http://twas.org/opportunity/twas-icipe-postgraduate-fellowship-programme>

(04) TWAS-USM Postgraduate Fellowship Program

For young scientists from developing countries (other than Malaysia) who wish to pursue studies towards a PhD degree in the natural sciences at the Universiti Sains Malaysia.

Deadline: 15 September of each year.

For more information: <http://twas.org/opportunity/twas-usm-postgraduate-fellowship-programme>

(05) TWAS-CEMB Postgraduate Fellowship Program

The National Centre of Excellence in Molecular Biology (CEMB) in Lahore, Pakistan and TWAS offer fellowships to young scientists from developing countries (other than Pakistan) who wish to pursue research towards a PhD in molecular biology and molecular genetics.

Deadline: 31st August of each year.

For more information: <http://twas.org/opportunity/twas-cemb-postgraduate-fellowship-programme>

(06) TWAS-DBT Postgraduate Fellowship Program

The Department of Biotechnology (DBT) of the Ministry of Science and Technology in India, and TWAS have established a fellowship program for foreign scholars from developing countries who wish to pursue research towards a PhD in biotechnology.

Deadline: The application deadline is 31st August of each year.

For more information: <http://twas.org/opportunity/twas-dbt-postgraduate-fellowship-programme>

C- JSPS RONPAKU Fellowship Program for International PhD Students, 2015

The Japan Society for the Promotion of Science (JSPS) is offering RONPAKU fellowships for international students from Asia (including Middle East countries) and Africa to pursue PhD degrees from Japanese universities through the submission of a dissertation without matriculating a doctoral course. Approximately 30 fellowships are awarded for maximum 3 years commencing from 1st April 2015. Fellows are required to conduct their dissertation research under the joint supervision of a Japanese advisor and an advisor in their home country.

Deadline: August 21, 2014 – August 27, 2014 (JSPS will accept applications through the Japanese advisors' universities by August 27, 2014).
